

Dr. Roberts received her dental degree from the University of British Columbia (1977), and has completed extensive training at LVI on an ongoing basis. As a general practitioner with a keen focus on cosmetic and reconstructive dentistry, Dr. Roberts believes in sharing her experience and training with other GP's who are interested in 'bridging' the gap between a standard GP practice, and one focused primarily on restoration and advanced cosmetics.

Dr. Roberts has personally made this successful transition, and provided her patients with the most comprehensive smile enhancement options with beautiful and predictable results. Her office in Tsawwassen is a model for cosmetic dentistry, and demand for her style of top flight cosmetic services in Vancouver proper has led to the construction of her second practice location in the Coal Harbour area of downtown Vancouver.

"In recent years there have been amazing advances in the field of dentistry. Fusing art and science, we are now able to restore smiles to health, function and beauty in ways that were not available even a few years ago. We not only improve smiles, but also people's lives.

A healthy, attractive smile can change far more than the way you look. It will change the way you look at life!"

Foundations of Esthetic Dentistry

Join Dr. Jan Roberts

September 18th, 2007

You shall experience:

- Treatment Case Planning
- Treatment Case Presentation
- Digital Photography
- Veneers
- Direct Resins
- Occlusion
- Live Patient Treatment
- Over-the-shoulder Mentoring

We invite any dentists from the lower mainland to join us on the 3rd Tuesday of the month to participate in this unique study club. This hand-on mentoring group is led by Dr. Janet Roberts, who believes that the clinical training is only a portion of what constitutes a successful cosmetic practice. The curriculum is designed to encourage all registrants to further their individual skills at all levels of a focused cosmetic practice. The flexible format takes into consideration that unique demands and concerns of all participants. CE credits shall be given, and light complimentary refreshments provided at each session.
